75 MAKE PLEDGES!
Thousands of Dollars
Taken Annually From
City, Say Officials

Santa Ana business men today were uniting to make this city a "hot spot" for outside promoters of schemes which annually take thousands of dollars out of the community.

Developments today indicated that merchants are determined to present a united front against foreign high pressure artists. Already 75 business leaders have sent pledges to the business men's association, agreeing that they will not patronize any solicitor, promoter or advertising scheme from outside, unless the solicitor has a letter of indorsement from the association.

The drive against these schemes, which first came to light at a recent meeting of the chamber of commerce board of directors, is being carried on under the sponsorship of both the chamber and the business men's association.

Bulletin To Members

Today the chamber of commerce sent out to its 210 members a bulletin urging cooperation in the campaign, and asking that the members pledge themselves to patronize no scheme which has not been indorsed by the chamber. Through this means and the business men's association program it is hoped to reach every commercial enterprise in the city.

The 75 replies to the business men's association letter represented an approach to one-half of the membership, stated Phil Brown, manager.

WASHINGTON.—The senate today concurred in house amendments to the administration bill for federal regulation of motor bus and truck transportation of freight and passengers in interstate commerce. The bill now goes to the White House.

SEATTLE'S QUEEN VISITS HERE

'Miss Liberty' Views City

Santa Ana had a distinguished visitor yesterday—no less a person than Miss Marie Jensen of Seattle, the American Legion's Miss Liberty of 1935.

En route from Seattle to the California Pacific International exposition at San Diego, Miss Jensen, accompanied by Harold Crampton, manager of the tour, and Mrs. W. J. Coyle, her chaperone, reached the city shortly after noon and spent the rest of the day as guests of The Santa Ana Journal.

Miss Jensen and her party were shown about the city and the orange groves, and they all took a dip in the surf at Laguna Beach, before proceeding to the exposition and the festivities planned for the party. Before she reached Santa Ana Miss Jensen was honored by mayors and legion heads in nearly every city between Seattle and Los Angeles.

TAX MEASURE IS PASSED BY HOUSE

REPUBLICANS FAIL!
Move to Pigeon-Hole Act
Sidetracked; Changes
Appear Likely

WASHINGTON, Aug. 5. (AP)—The administration's tax bill, estimated to raise between \$250,000,000 and \$270,000,000 additional annual revenue, was passed, 282 to 96, today by the house and sent to the senate.

A bitter controversy in that branch appeared certain before the measure, upon which the time of congressional adjournment depends, is voted on.

The senate finance committee has been holding hearings for several days to expedite action.

Pigeon-Holing Fails

Action came after a republican attempt to pigeon-hole the tax bill in the ways and means committee was defeated.

The motion to send the bill back to committee, was offered by Representative Treadway (R. Mass.). There was not even a standing vote on the republican recommitment motion.

Chairman Harrison of the senate finance committee hopes to complete hearings by Wednesday and to report the bill out this week. Floor consideration probably will go over until next week.

May Make Changes

It is likely the finance committee itself will make many changes in the bill. Harrison has complained the measure goes beyond the president's suggestions in many respects. He probably will (Please Turn to Page 2, Col. 1)

Farmer's Wife Makes Bed; And It Costs Him \$17,000

ALGOOD, Tenn., Aug. 5. (AP)—Oral Bilbrey's wife made his bed. She made it out of nice clean straw—and it cost Bilbrey just \$17,000.

The farmer was away from home when his wife decided to fill her mattress or "ticks" with new straw. She had to empty the old straw, so she built a bonfire and piled it high.

Then Bilbrey came home and his wife remembered. Her husband was thrifty. He had accumulated his wealth in currency, stocks, notes and the like, and hidden these away in a mattress. They all went up in smoke.

CHICAGO, Aug. 5. (AP)—Judge Justin F. McCarthy in felony court today issued a warrant charging Mandeville W. Zenge, 26-year-old Missouri carpenter, with the emasculation-slitting of his love rival, Dr. Walter J. Bauer.

Judge McCarthy made the warrant returnable tomorrow. Charles S. Dougherty, assistant state's attorney, said he would go before the grand jury tomorrow and ask that a murder indictment be returned against Zenge.

Mrs. Louise Bauer, whose husband was mutilated and fatally injured last Wednesday, was expected to go before the grand jury.

Widow Faces Him

Zenge's iron nerves failed to break early today despite 48 hours of constant examination and a dramatic meeting under police eyes with Mrs. Louise Schaffer Bauer, widow of Dr. Bauer.

HIGH REACHED BY HOG PRICE

CHICAGO, Aug. 5. (AP)—Hog on the hoof prices hit a new seasonal high in Chicago livestock markets today.

A peak price of \$11.35 per hundredweight was paid for prime medium weight hogs. This is the highest since August 29, 1930, when \$11.40 was paid for the same grade of hogs.

Husband Sends Wife's Relatives On 15-Day Vacation

KANSAS CITY, Kas., Aug. 5. (AP)—The "in-laws" vacation was over today—and all 26 returned from Colorado good friends.

Dr. Thomas Richmond paid all the expenses of a 15-day trip for his wife's relatives, declared he liked them but decidedly disliked the more or less popular myth that it's hard to get along with "in-laws."

TODAY COUNTY'S BIRTHDAY

Creation Was 46 Years Ago

By PAUL VISSMAN

At the first meeting Mr. Spurgeon and Mr. Littlefield were named members of a committee to arrange for the transcription of the Orange county assessment roll from Los Angeles county. Arrangements also were made to secure an official seal for the county.

Pierce Given Job

Details of segregating county business was placed in the hands of James McFadden and R. Egan. J. D. Pierce was named justice of the peace for Anaheim township, by a unanimous vote of the supervisors, at their first meeting.

At their second session the supervisors started consideration of forming a county board of education. Later they appointed M. Manley, J. U. Keran, George C. Mack and G. W. Weeks to the board.

Pity the Barefoot Deputy

"They kidnaped me and took me nine miles out into the country—and I didn't have any shoes," relates Martin Lange, (above) Yreka jail deputy, in telling about his experience early Saturday morning when a mob of 50 masked men stormed the jail, grabbed C. L. Johnson, murder suspect, and hanged him to a tree. "They were dressed all kind of ways. First thing I saw when I opened the door was a gun. Yeah, a nickel-plated gun. They had plenty of guns," said Lange. (See page 7 for more pictures).

Official Blames 'Apathy' Of Courts for Lynching!

(For Editorial Comment, Please Turn to Page 12)

YREKA, Calif., Aug. 5. (AP)—Search for Robert Miller, companion of Clyde L. Johnson, who was lynched near here early Saturday after Chief of Police F. R. Daw of Dunsuir had been slain in a gun battle by Johnson, lagged today as Siskiyou county officials expressed their belief that he had escaped from this district.

Likelihood that no determined steps will be taken to identify or prosecute members of the mob that dragged Johnson from the county jail and hanged him to a pine tree

District Attorney James Davis was particularly outspoken in placing the blame for the mob's action elsewhere. He insisted the "apathy" of the courts was the real cause of the lynching.

Davis cited the case of George Hall, who was convicted of killing a highway patrolman and a deputy sheriff here. Hall was sentenced to hang in April, 1933, and was sent to Folsom state penitentiary. Legal appeals were taken to delay the execution and the matter is still pending before the United States supreme court.

"All this time has passed," Davis declared, "and Hall is still alive. The citizens of Yreka and nearby communities, knowing that fact, have been roused to uncontrollable unrest."

Despite his criticism of the courts, Davis asserted he will use the full power of his office in an attempt to bring the lynchers into court and convict them.

Motorists by the hundreds, morbidly curious, invaded Yreka Sunday to view the county jail and the pine tree on which Johnson was hanged. The tree was stripped of bark by men, women and children eager to obtain souvenirs.

CONTRACT ON WAR GOODS SIGNED

Powers Are Considering
Mandate, Remapping
For Africa

TOKYO DENIES STORY
High Officials Refute
Munitions Supply
Report as Untrue

LONDON, Aug. 5. (AP)—The exchange telegraph correspondent at Addis Ababa reported that he learned today Japan signed a contract Friday to supply a "very heavy consignment" of arms and ammunition for modernization of the Ethiopian army.

Arrangements were said to be complete for dispatch of a Japanese military and commercial mission to Ethiopia.

The dispatch also reported that a mandate for Ethiopia was being considered, with "important circles" in the capital not unfavorable to such powers being granted either to Britain or France, but with every determination that Italy shall not be the nation chosen.

The British government was represented as not discouraged by Premier Benito Mussolini's abrupt rejection of its recent offer to surrender a strip of British Somaliland for the sake of peace.

The fact that France made an African territorial concession early in 1935 was considered an indication that she, too, is willing to talk about a further remapping of Africa if it will avert war.

JAPANESE DENY ARMS SALE TO ETHIOPIA

TOKYO, Aug. 5. (AP)—High officials of the foreign office said today that reports in Addis Ababa that Japan had contracted to sell the arms or send a military and commercial mission to Ethiopia were "entirely without foundation."

These officials said the question of sale of arms to Ethiopia, either by the government or by private firms, had not arisen and that no application or permits for such sale had been received.

The Rengo (Japanese) news agency reported from Osaka that four youthful members of an obscure reactionary organization had announced their desire to proceed to Ethiopia and enlist in the air force but that they had not applied to the government for passports.

SET UTILITIES VALUES HERE

Completing its first assessment of public utility property under the 1935 constitutional amendment, the state board of equalization today announced that public utilities property in Orange county being returned to the county for taxation purposes is valued at \$16,956,870. Money and intangibles held by the utilities in the county were valued at \$3940.

Members of the board said the figure is subject to change during the two weeks before the assessment under the law, utilities have the right to ask for re-assessment before the tax rolls become final.

The total valuation of public utility property in the state was put at \$1,045,838,570, with solvent credits valued at \$145,004,135.

Mob Of White Men Hangs Negro For Attack Attempt

PITTSBORO, Miss., Aug. 5. (AP)—Bodie Bates, negro, accused of attempting to attack a 22-year-old white woman of Pittsboro Saturday night, was lynched by a mob which stormed the Calhoun county jail last night.

The mob, made up of white citizens, formed after the negro had been arrested, and overpowered an officer at the jail, taking the keys to the jail from him and seizing the prisoner.

Bates was taken to a sparsely settled section of Calhoun county and was hanged from a bridge over Yalobusha river.

TELEVISION TO BE DISCUSSED AT MINERAL MEETING

FULLERTON.—Use of mineral crystals in television will be discussed by D. M. Morandini at a meeting of the West Coast Mineral society scheduled for tomorrow evening in the First Christian church.

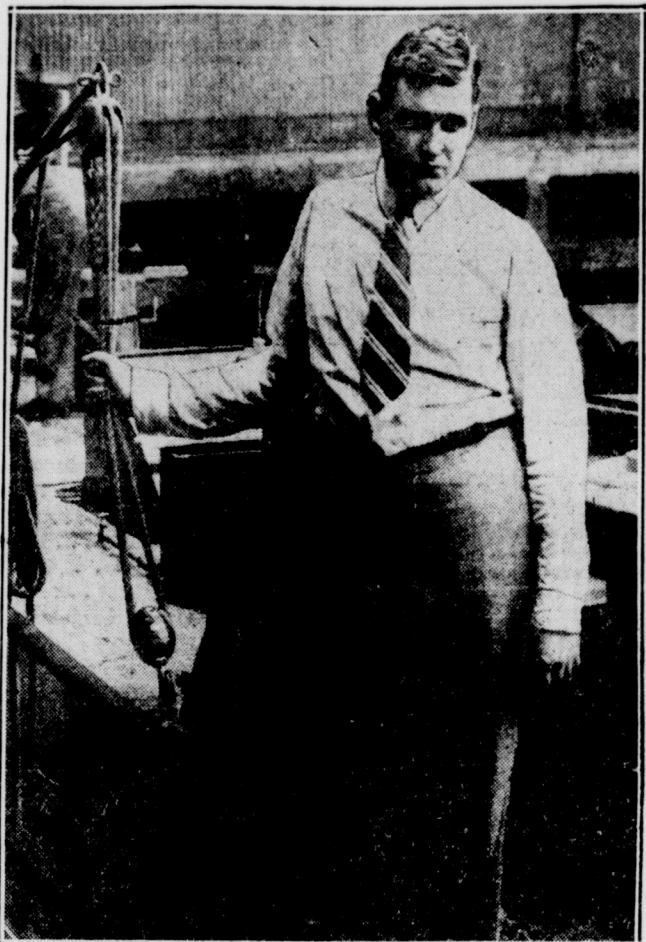

Mr. Morandini of Los Angeles and Budapest is inventor of several television devices.

FUNERAL SERVICE HELD FOR PIONEER

FULLERTON.—Funeral services were held at 10 a. m., today from the McAulay and Suters chapel for Robert Francis Parker, pioneer of this district, who passed away at his home on East Orangehorpe avenue last Tuesday.

The Rev. E. D. Hoffman, pastor of the First Methodist church, officiated. Interment was in Fairhaven cemetery at Santa Ana.

NEW TOY FOR ASTOR BABY

John Jacob Astor, 3rd, looking over the repair job on the 99-foot yacht, Laurion, which he recently purchased with the idea of cruising in it with his wife and newly born baby. The yacht lies in the Hudson river, New York, at the foot of Pier 58.

SEEK SEA WALL ACTION Will Present Balboa Plan

May Take Action On Proposed New H. B. Casino

HUNTINGTON BEACH.—Final action on the proposed \$30,000 dancing casino and band stand for the ocean front may be taken by city council tonight when a San Bernardino engineering firm presents plans and specifications for the construction of the project. Temporary outlines of the proposition by City Engineer Harry A. Overmyer have been informally approved by the council.

Should the plans be approved, the city would apply for a 45 per cent Federal grant under the PWA. The remaining 55 per cent would be taken from the surplus in the treasury, Mr. Overmyer said.

Brick Dust

By BRICK GAINES

The party who recently gained national fame by being beung bitten by a dog and run over by an auto, or something, has a lot of local competition, and he'd better start looking for bigger and better brands of beasts to attack him.

Andres Rocha, Stanton rancher, slipped and broke his ankle last April. Of course, that doesn't sound like an awful lot to anyone but Mr. Rocha, but it was merely a warm-up for what was to come. Last week, while the unfortunate farmer was still walking with a cane, a horse kicked him in the head. Each mishap sent him to the hospital.

He picked the biggest animal, if not the most.

Arthur C. Peterson, editor of the Laguna Beach Coast News, seems to like his community. Who wouldn't?

Visions for great development for the colony can easily be seen through his eyes. Reasons why anyone would like to live in his town just seem to pop out without any effort on his part.

Any interested listener would have to grant that the Laguna editor has plenty to talk about.

All bets will be taken that Charlie Griffith, Anaheim's city clerk, knows more about picnics than any other man in Orange county.

He practically lives picnics all year 'round. At one time someone had to take reservations for tables and playgrounds in the Anaheim park, so he was found guilty and sentenced without trial.

Now dozens each day seek him out to tell him how many will attend family gatherings, what games they want to play and other details of proposed outings.

Worrying time is rapidly approaching for Billy Hale, Fullerton's mayor.

Here he's just recovered from having to buy a summer hat and winter's coming on.

The hat situation almost had the mayor on the ropes earlier this year, but Harry May staged the Valencia Festival and saved His Honor's honor, where hats were concerned. As part of the festival equipment, the C. of C. secretary unearthed a lot of Spanish sombreros to give the town atmosphere, and the mayor swooped, swooped and swiped, after he had found one to do justice to his Far-West whiskers.

But now, with cold weather just

NEWPORT BEACH.—More action on proposed construction of a \$200,000 sea wall around Balboa Island will be asked by residents of the island at tonight's city council meeting, it was announced today.

A special committee of island residents has already compiled detailed plans and specifications and estimates for the project.

City Engineer R. L. Patterson will present preliminary estimates and a survey of the proposition tonight in accordance with instructions given at the last council meeting.

Immediate filing of application for federal aid under the 45-55 grant and loan plan of the PWA will be asked by the delegation of property owners, according to Dr. Howard W. Seagar, chairman of the committee in charge. Plans and specifications drawn by the island association's engineers may be accepted at tonight's meeting, Mr. Seagar hinted.

FIREMEN MEET AT RIVERSIDE

LAGUNA BEACH.—The California State Firemen's association held their annual pre-convention meeting at Covina recently, where they were guests of the fire department. Cecil Lochard of Alhambra presided. Also present were Secretary-Treasurer Harry Strasser of San Diego, State Deputy R. D. Woodward of Laguna Beach, State Deputy Milo Hutchinson of Riverside and Captain M. M. Clement of Long Beach.

With 16 cities represented, Orange delegates came from Newport, Tustin, Santa Ana, Laguna Beach, Yorba Linda and La Habra. President W. M. Phipps of Santa Ana, Vice President M. E. Wilsey of Yorba Linda, Secretary Harry Brookbank of Tustin and Press Representative William Caldwell of Laguna Beach, attended. Orange county was represented by 10 firemen.

A report was presented by Mr. Lochard on activities of the state association during the recent session of the legislature. He reviewed 19 bills on the legislative program, 10 of which were passed. Captain Clement reported activities of the legislative committee of the state association.

Captain Clement proposed two resolutions which will be presented at the Riverside convention next month, one of which was withdrawn because of opposition, the other adopted. Talks were given later by Chief Taylor and State Deputy Hutchinson, both of Riverside, on the coming convention in their city.

VOTE ON BREA BOND ISSUE

BREA.—Residents of the Brea and Olinda districts will go to the polls Thursday to decide upon passage of \$115,000 in bonds for rehabilitation of Brea Olinda High school and Brea's elementary buildings.

Ballots will be cast in the Laurel school in Brea and at the grammar school in Olinda. Included in the rebuilding plan for the schools is expenditure of \$190,000 on the high school, with use of \$85,000 in bonds, \$20,000 balance from the district funds and \$85,000 in PWA grants.

The elementary plan embraces use of a \$30,000 bond issue, \$47,000 balance from the school building fund and \$38,000 in PWA grants. Bonds for the high school, if passed, would run for 20 years, while the proposed elementary bonds would mature in 10 years.

A program that will tilt the best of us out of the most solid pipe-and-slippers comfort awaits Orange county sports fans the next couple of evenings.

No one can deny that tonight's rousing classic between Vincent Lopez and Nick Lutze is deserving of headlines in any newspaper. And tomorrow night at the bowl the ball fans get a preview of the forthcoming Santa Ana Huntington Beach championship series.

Our reputation having long since been besmirched by such people as the Detroit Tigers and Primo Carnera, we stop biting our hangnails long enough to make a couple of wanton predictions:

Lopez will successfully defend his title against Lutze in a super-dramatic battle.

Santa Ana's Stars will end their slump by trimming the Oilers.

For that last one we may have to work all day with our head under the typewriter cover and Joe Rodgers may ride us to the very shadow of our grave, but the old hunch is in the bones and we never could refuse a hunch.

Lopez has a rib-cracking elbow nudge that will probably earn him an otherwise undeserved margin over the rough-riding but too genteel Lutze.

And only on the provision that Jim Coates is back on the hill in good shape does that other prediction stand. Even with Jim on the mound, the manager Tom Cooney and his boys are strictly short-orderers in the affair. Only the psychological angle of a possible Huntington Beach let-down favors them and on that we gamble our chances.

WANDERING AROUND IN SPORTS MIND

What a sports scribe thinks of on his day off:

Track seems to be drawing better in Europe this year... there may be some near-record attendance at the Olympics as a result... although the Nazi propaganda scores off many... 6,000 turned out in the cold at Oslo, Norway, the other day to see a troupe of traveling American skippers.

Dont' think you can hide all those illegal fish or game victims in your tent... a ruling says tents of hunters or fishers can be searched without legal preliminaries since they are not permanent dwellings.

Things are getting warm among the followers of the true and the watchers at the results board... it has been announced a record entry of 122 nags for stake racing at the Pomona county fair to start Sept. 13.

You duck shooters get 30 days of firing this year... and not only that but: shooting over baited water or land will be prohibited, no live decoys allowed, shooting will be permitted only between 7 a. m. and 4 p. m., possession of more than one day's bag limit (reduced to 10) will be illegal and a three-shell limit on auto-loading and repeating shotguns will become effective.

EDWARDS SEEKS JOB AS COOK'S AIDE

"Whitey" Edwards of Orange, former star at Whittier college, is seeking a position as football assistant to Coach Bill Cook at Santa Ana Junior college, it was learned today. Newman, Whittier coach, was in Santa Ana Saturday said to be "pulling" for Edwards.

Al Reboin, Santa Ana and U. S. C. athlete, is after the same post, which Blanchard Beatty recently resigned to accept an offer from Oceanside. Whether Cook is to have an assistant will come up for discussion at tomorrow night's board of education meeting.

MUSIC, COAL AND TRACK
EMPIRIA, Kan., Aug. 5. (P)—Archie San Romani, national collegiate mile champion, is working in the coal fields this summer to condition himself for his two chief pursuits—music and running.
San Romani's sprinting finish upset such stars as Ray Sears of Butler and Dick Bauer of the army in the N.C.A.A. meet at Berkeley, and he hopes next season's track campaign will land him a berth in the 1936 Olympics. He believes he can run the mile in less than 4:10.

Joe Cornelius Stalks Mound For Clubmen; Elks Slate Hanson

Respective champions of the first and second halves of the City Night Ball league's split season, Santa Ana's Elks and 20-30's launch a three-out-of-five game series for the "pay-off" in the Municipal Bowl at 8 o'clock tonight.

The king-pins of President Kenneth Morrison's eight-team loop will battle on Thursdays and Mondays until one has defeated the

Nine-Inning Games

The title games will go nine instead of seven innings.

Joe Cornelius, one-time invincible representative of the Santa Ana Stars, will pitch for the 20-30's. Armand Hanson, slender southpaw, will be on the ridge for the Elks.

The Elks hand-cuffed their play-off rival, 9-4, in the closing game of the second-half schedule, but they scored seven of their runs off Sammy Francis, relief chucker. With Cornelius in the box for the service club, the teams appear about evenly matched.

DUCKS SHOVED INTO THIRD

(By the Associated Press)

The Sacramento Senators and the Hollywood Stars, whose cellarward slumps have contributed to the averages of six other Pacific Coast league teams, combined last week to tighten up the race at the top end of the standings.

The Senators obligingly lost seven straight games to Portland, to send that team skyrocketing out of the second division to third place, within a game and a half of the top. Meanwhile the San Francisco Missions smacked over Hollywood, five out of seven, to haul up within three slim percentage points of the league-leading San Francisco Seals.

The Seals found Los Angeles less tractable, and after winning four straight, dropped the three week-end games. After the Seals lost yesterday's game, 7-5, and were behind in the second, Manager Frank O'Doul went into the pitcher's box. O'Doul blanked the Angels from then on his batters were likewise helpless and the Angels won, 4 to 1.

Bites 'N' Bait

PERFECT CONDITIONS FOR OCEAN FISHING

Perfect conditions for good deep sea fishing now prevail all along the southland coast. Water is clear and calm, temperature is just right at 72 degrees and the moon is dark.

Hot spot at present time is around the Coronado islands, yellowtail and bluefin tuna fishing has never been better than it has the past few days. Every live bait boat is coming in loaded with these fighters. From 100 to 400 yellowtail has been the rule on live bait boats working out of San Diego.

"Improved fishing conditions" is the general report received from Malibu, Ocean Park, Santa Monica, Manhattan Beach, Hermosa Beach, Redondo Beach, Carlsbad Beach, Catalina Island, Long Beach, Newport-Balboa, San Clemente and San Diego. Anglers are catching every kind of fish from herring to the giant black sea bass.

Excellent fishing is predicted for all waters by the first of September. Now is the time for ocean anglers to go out and get 'em.

Mrs. Arnold Scores Again, Ridicules Wightman Critics

EAST HAMPTON, N. Y., Aug. 5. (P)—Mrs. Ethel Burkhardt Arnold, petite Los Angeles matron who has a tennis ball with the power of a man, has vindicated the judgment of the Wightman cup committee.

There was considerable criticism when Mrs. Arnold was chosen a member of the team which will oppose England.

Referring to be with her husband rather than searching afar for fame on the courts, Mrs. Arnold has been absent from the Eastern grass circuit for five years. Her present form was more or less an unknown quantity, critics said, arguing she should have been passed up.

Mrs. Arnold then mowed through the opposition to emerge victorious at Manchester, Mass., in the Essex tournament, then took the singles crown at Seabright.

Yesterday she added the Maidstone club's annual invitation crown to her growing list of laurels. In doing so, she again became the bane of another diminutive player, Mrs. Sarah Palfrey Fabryan.

SCHWARM LEADS HITTEES City Ball Averages Given

Robert Schwarm, towering infielder of the Santa Ana Elks, who hit well throughout the season, won the 1935 batting championship of the City Night Ball league. With Jimmy Haynes, southpaw pitcher of the Methodist Seniors, annexing second honors, and Lou Clem of the Methodist Juniors finishing third.

Schwarm, former Santa Ana Junior college athlete, was credited with 22 hits by Tom Moore, the official scorer, and having faced opposition hurlers 44 times. Bob compiled an average of .524, according to The Journal's averages.

Pitcher Haynes boasted a fine mark of .486, with 17 safe blows in 35 at bats. Clem batted 18 hits in 38 times for a .474 percentage.

MISS MARGE LAUDERBACH DEFEATED

Santa Ana Tennis Queen Survives Semi-Finals At Santa Monica

Miss Marjorie Lauderbach, Santa Ana tennis queen, daughter of Mr. and Mrs. Leon W. Lauderbach, 1805 Spurgeon street, was being congratulated today upon her brilliant showing in the Southern California Public Parks net tournament at Lincoln park, Santa Monica, yesterday.

Defeated in the finals by Miss Elizabeth Deike of Pasadena, an older, more experienced competitor who plays a tricky game, Miss Lauderbach nevertheless had the satisfaction of winning runner-up honors after surviving a stern semi-final round.

Miss Deike, outclassed in the first set, which she lost 6-3, won the second, 6-3, and played excellently while annexing the third, 6-1. She reached the finals by eliminating Mrs. Louise Martin, 6-2, 5-7, 6-4. Miss Lauderbach, seeded second, gained the last break through an impressive 6-1, 6-4 victory over Miss June Holmes of Santa Monica.

Mrs. Mildred Ward and Miss Lauderbach, representing Santa Ana in women's doubles, lost in the semi-finals to Miss Deike and Miss Moulton, after extending them 9-7, 12-10.

Dave Gillam of Pasadena won the men's singles title from Phil Castlen of Glendale, 7-5, 2-6, 9-7, 6-4. Later he teamed with Miss Deike to win the mixed doubles title. The men's doubles crown went to Robert Brashear and Orville Scholtz, Mrs. Dockstader and Mrs. Martin triumphed in women's doubles.

These champions will represent Southern California in the National Public Parks tourney in New Orleans this month.

O'NEILL NAMED INDIAN PILOT

CLEVELAND, Aug. 5. (P)—Steve O'Neill, a member of Cleveland's only world championship baseball team, today tackled the job of trying to bring the fifth-place Indians out of a slump.

Appointed late last night to succeed Walter Johnson as manager of the tribe, O'Neill said this morning he intended to make the team "hustle."

Johnson, who tendered his resignation to Alva Bradley, club president, prepared to return to his Maryland farm. He will remain on the Cleveland payroll, however, as an overseer of young players in need of development.

The "Big Train," one of baseball's greatest players, said he did not plan to spend much time in Cleveland for the remainder of the season.

O'Neill, who has served as coach of the tribe this year, said he had no plans for changes in the lineup for today's game with the Chicago White Sox here. He felt that some improvement would be shown by the Indians in the remainder of the campaign, but said he knew of no formula to change overnight a team that has lost 23 of its last 32 games.

Tony Piet, who was barely saved from going to the minor leagues by Manager Jimmy Dykes of the Chicago White Sox, got both of the Sox's base hits in a two-hit shellacking dealt out by Wes Farrell.

DUFFERS! LOOK AT THIS! Pro Scores 20 On Par Four!

OAKLAND, Aug. 5. (P)—Come, all ye golf duffers who still feel bad because you took a nine on that par-four hole you've always made in at least seven until this week-end—read this, and cheer up.

Charley Sheppard, pro at the Castlewold course near here, took a 20-yes, a 20-on that par four 15th hole of the Claremont Country club links yesterday during the Northern California open golf championship tournament.

Sheppard, who has won the tourney twice in previous years, scored an 86 on that particular round, despite the disastrous fifteenth, and had a not-so-bad 72 down

OLD MAN PAR ILL

INVERNESS GOLF CLUB, Toledo, Ohio, Aug. 5. (P)—Old Inverness par, he's 71, was recovering today from the terrific beating which he received the last four days from 16 of the nation's top notch golf pro's in the invitational four-ball matches.

In the 28 matches which were staged, the sharpshooters carved out a total of 224 birdies and one eagle before Henry Picard and Johnny Revolta were declared the winners. The decision was up in the air until the last putt was holed.

2400 to Witniss 'Finish' Tangle

By FRANK RODGERS
Like Roman gladiators of old, Vincent Lopez, "California world's heavyweight wrestling champion, and Nick Lutze, current mat idol of Orange county wrestling fans, tangle in a "to the finish" battle before what will probably be a sellout crowd at the Orange County Athletic club arena tonight.

Last Monday night, a few evenings after Lopez, a former grid star for the University of Idaho, had won his title by licking Man Mountain Dean in Los Angeles, Lutze literally wiped up the canvas with the handsome champ. It was a one-hour time limit affair and Lopez finally won when he caught up with Lutze in 43 minutes of the most intensified wrestling we have ever seen. The Mexican hero scored with his famous elbow smash but for the remainder of the bout had to fight off the brutal challenge of the husky former life guard and was extremely lucky that the time-limit had been included in the arrangements.

No Time Limit
Tonight there will be no such handicap to the semi-main event which believes he is bigger, stronger and more clever than Champion Lopez. Their main even struggle will be for two out of three falls with no time limit.

Judging by their other performance, these two grapplers are likely to keep the customers up far past bedtime with a corking exhibition. About 2400 fans saw the last show and that many are expected again tonight.

Zaharias On Card
Promoter Sam Sampson, ever striving to keep the standard of the game up, today announced a change for the better in the supporting card. He is bringing George Zaharias, a rougher whom most of us have wanted to see here, to the semi-main event with Juan Umberto, handsome Argentine lad. Known as the "Crying Greek from Cripple Creek," Zaharias is rated an even wilder Rascal than Ernie Dusek and to local fans that is a four-star rating.

Remembering that the show is likely to be a long one, Sampson has announced that the main event will go on promptly at 9:30 with the semi-windup following.

Sergi Kalmikoff, the Russian, meets Cy Williams, a toughy, in one of the preliminaries while Bill Hoolahan tangles with Harry Ekizian in another.

FORTRESS TO GUARD GOLD WELL BUILT

WASHINGTON, Aug. 5. (AP)—The government's new gold vault at Fort Knox, Ky., is going to be the last word in monetary fortresses.

The plans which the government is taking to make the vault impregnable were revealed by a study of the plans.

The vault will be suspended in the middle of a square building with walls, roofs and floors two feet thick. The walls and roofs will be faced with granite.

40 Times 64 Feet
The vault itself, into which the government expects to store much of the gold now housed in New York City and at the Philadelphia mint, will be 40 by 64 feet and extend through nearly two complete stories of the building.

That space, allowing for corridors and the like, would be big enough to store \$19,000,000, 000 in gold—more than world's present monetary supply.

The two-foot-thick walls of the vault itself will be of highly unusual construction. Steel coils will be set in them, lacing into one another and with a steel rod running down through the interlacings to hold them together.

Thus, even though much of the concrete were removed, the steel coils, too small for even a man's hand to be shoved through them, would remain as a barrier.

Brilliant Lights
The vault will be open to continual inspection from all four sides and top and bottom. There will be an 18-inch space under its floor and one of equal size over its ceiling. These spaces will be equipped with brilliant lights, and mirrors are to be installed to give guards an excellent view of the vaulted space.

Throughout the whole building, sensitive microphones will be installed and connected to a central guard room.

The top floor of the complete building will be set back from the first floor and the walls of the first floor will extend upward far enough to provide a parapet around all four sides of the building.

Four machine gun turrets with underground entrances to the main building will be erected outside.

The new building will cost \$450,000.

Townsend Clubs

Townsend club No. 8 will meet tomorrow night at 7:30 o'clock at the Lincoln school. The Rev. T. W. Ringland will speak. The pot-luck luncheon originally scheduled to be held at the J. H. Nicholson home has been postponed until a later date.

La Habra Townsend club No. 2 will hold a pot-luck dinner tonight at 6:30 o'clock in the Masonic temple. Walter R. Robb, manager of Townsend headquarters in Santa Ana, will be one of the speakers.

Talks to Parents

By BROOKE PETERS CHURCH—Children First

The X's had been contemplating a divorce for some time, but delayed it until their only child should be old enough to go to school. They felt that by that time he would be better able to stand the shock of the break.

Meanwhile they adjusted their lives peacefully and the home, as far as the child could see, was united and happy. When the time for the divorce came, all the arrangements were made with dignity and privacy.

Even their friends didn't know why Mrs. X went away that summer to parts unspecified, and when the news of the divorce was published, speculation and amazement were rife.

Most astonishing of all, there was no taking of sides, for the cause of the trouble was unknown. Mr. and Mrs. X continued, even after they made other marriages, as they both did, to meet socially, and the two new households exchanged courtesies quite easily and naturally.

When any question concerning the child arose, his two parents discussed and settled it together.

Use Self-Control
If a child is to escape unscathed from the breaking up of his home and the aftermath of the divorce courts, it is only because his parents practice some such self-control as the X's. Most people when they see their marriage going to pieces, become panicky and lose their heads and their tempers completely. There are comparatively few friendly divorces or separations. The parents may emerge from such a struggle unharmed, but the child, never. His loyalties have been and must continue to be divided, his confidence in one or both of his parents, gone.

Some of the evil effects can be avoided if his parents instead of displaying childish temper and recriminations, will practise the self-control of maturity, and consider the child before themselves.

Feeling Well Today?

By DR. IAGO GALDSTON—Rheumatic Diseases

Recently there was formed in the United States an association for the study and control of rheumatic diseases.

Eminent justification for the formation of such an organization lies in that rheumatic diseases are responsible for a tremendous amount of suffering and disability.

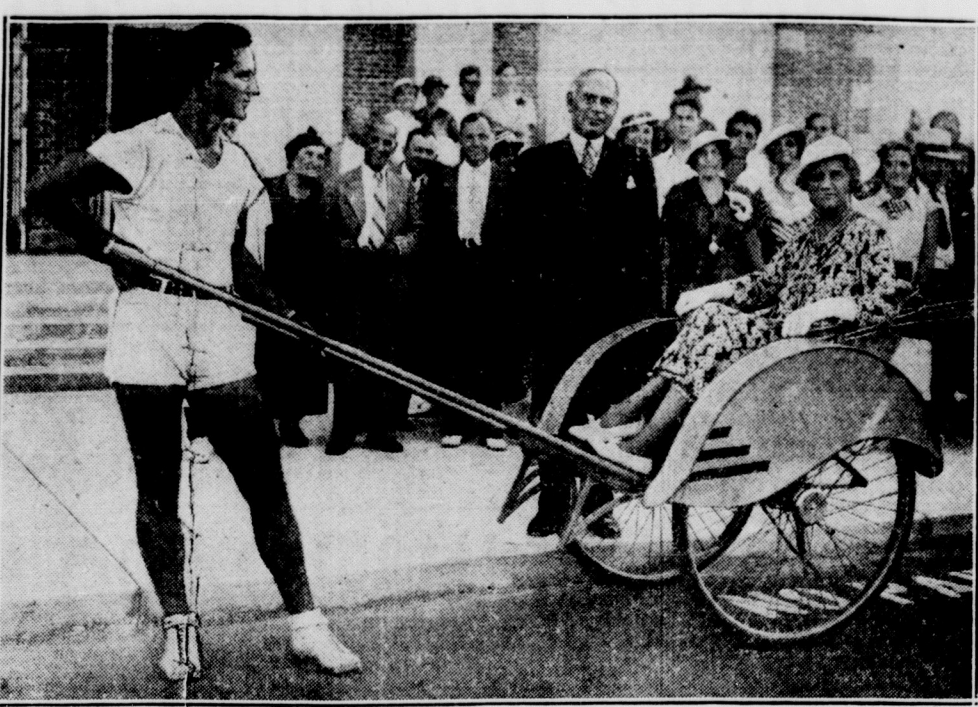

The arthritis—that is, the inflammatory joint diseases which are designated by the term "rheumatic diseases"—are a serious challenge.

Unique Problem
At the first conference of the association certain basic and valuable ideas were presented. Thus, chronic arthritis was described as a disease affecting the entire body, rather than the joints alone. From this viewpoint every patient represents a unique problem.

Another item elaborated by the conference relates to the effect of nutrition on the rheumatic diseases.

Many physicians dealing with rheumatic patients are convinced that the apparent increase in the prevalence of rheumatic disease is in part due to the widespread consumption of defective diets.

GOVERNOR'S WIFE INSPECTS SPA

Mrs. Herbert H. Lehman, wife of New York's Governor, takes a ride in one of the rickshaws which ply about the new spa at Saratoga, N. Y., as the Governor himself looks on. The health development was made by the state at a cost of more than \$10,000,000 and is considered the most complete unit of its kind in the world.

ARREST SLAYING SUSPECT HERE

Acting on a tip received from Wilmington police, Chief of Police Floyd Howard, Detective Lieutenant Charles Wolford and Officer George Boyd yesterday morning went to the home of Arthur Loya at 902 West Washington avenue and arrested Rafael Ochoa, 34, of Wilmington, accused of the murder Saturday night of Maricio Pacheco of Wilmington.

According to information given Santa Ana police by Wilmington officers, Ochoa and Pacheco became involved in a fight in the rear of a Wilmington pool hall, resulting in Pacheco's death a half hour later from knife wounds. Before his death, Pacheco made a statement to Mary Gutierrez, naming Ochoa as the man who had stabbed him.

Chief Howard received word that Ochoa was being brought to Santa Ana by a friend. After his arrest yesterday, Ochoa told officers that he could not remember having killed Pacheco. He said that during the fight someone had hit him on the head with a heavy piece of timber, and that he had been brought here by a friend.

Ochoa was not booked at the jail here, but was held by officers until Wilmington police could come for him.

PLANE FALLS INTO YARD, 3 INJURED

LOS ANGELES, Aug. 5. (AP)—Three men, injured when the airplane in which they were riding fell, were in local hospitals today recovering. They were E. V. Todd, Herbert Quam and Thomas H. Wood.

The plane, piloted by Wood, fell into the front yard of a residence in the 5700 block on South Van Ness avenue when the motor failed at an altitude of 2500 feet.

Meet Your Neighbor

The Journal's compilation of "Orange County People You Should Know"

Name: C. M. Featherly.
Occupation: Draperyman.

When and where were you born?

Dillon, Mont., Nov. 25, 1896.

What has been the most interesting event of your life to date?

My wedding day.

What career would you recommend for a young man starting out for himself today?

If he has the ability, I would recommend the legal profession.

What is your favorite department or feature in The Journal?

The funny paper and Skinny's Skribbles.

Your second choice?

The editorial column.

What should be the United States government's next major step?

Pass legislation making it possible to deport destructive radicals, and further legislation to limit the immigration of aliens to 2 per cent of those already here. By that I mean aliens who intend to stay here and work.

What one thing does Santa Ana need most?

A suitable park that would be a credit to our city. One that is large enough and is complete in equipment.

How can Orange county be improved?

By insuring the protection of our water supply through the completion of a conservation plan in the Santa Ana river basin.

One-sentence interview:

I believe that during the next 12 months we will find the greatest development of Americanism that we have seen since the days of the World war. My belief is based on the fact that patriotic, fraternal, and business organizations throughout the country are backing such a movement.

Eastern Visitor Captures Black Widow Spider

Does anyone want a nice Black Widow spider and nest of eggs?

Mrs. L. R. Morris of Springfield, Ill., who is visiting in Santa Ana, has a spider and nest that she will gladly give to any collector of insects if they will call and take delivery.

The eastern woman, who is a guest at the home of Mrs. Sallie Carroll at 220 West Second street, captured the spider and secured her nest yesterday when a group of children playing in the yard called her out to see it. The spider and nest were on a board in the yard.

Mrs. Morris put the spider and eggs in a jar, and said this morning that the spider apparently is contented with her new home but refused a breakfast of flies dropped into the jar.

SALES TAX RULE ON CARS TOLD

Sales tax must be paid on an automobile purchased at factory if it is to be used in California under a recent ruling of the state board of equalization. Not only must the tax be paid but the purchaser must have his receipt to show at the California state line before he is permitted to bring his new car into the state.

Prior to July 1 factory deliveries on automobiles were not taxable under the retail sales tax act of 1933. They became taxable under the use tax act of 1935 which was adopted to cover items not included in the sales tax.

The state board of equalization ruling No. 1 explains the tax on factory-delivered automobiles as follows:

"The tax applies to the sales price of automobiles delivered at a factory or place of business in another state for use in this state. If the sales contract is entered into with a California automobile dealer, the dealer is required to collect the tax from the purchaser and give the purchaser a receipt therefor.

"If the automobile is purchased directly from the factory or dealer in another state for use in this state and is not purchased through a California automobile dealer, the purchaser must make a return and payment of tax within 15 days after the close of the quarterly period in which the sale is made."

The fact that an automobile was signed prior to July 1, last, does not eliminate the tax unless the car actually was delivered prior to that date.

Under ruling No. 2, the state board of equalization holds that "the storage, use or other consumption of tangible personal property in this state is subject to the tax even though the contracts of sale were entered into prior to July 1, 1935, unless title to the property passed or delivery thereof was made to the purchaser prior to that date."

EIGHT AND FORTY HAS BOX SOCIAL AT SULLIVAN HOME

It might have happened two decades ago, but it was only members of the Eight and Forty having an old-fashioned box social at the home of Mr. and Mrs. George Sullivan at 917 Kilson Drive Saturday night.

First prize for the best costume went to Mrs. William F. Kennedy of Seal Beach. She wore a tight bodice with long sleeves, a full skirt, and a velvet bonnet tipped on the back of her head. Mrs. Cy Featherly in a prim cotton frock with buttons down the back, a sunbonnet, and a shawl, also drew much attention.

Prizes in the games went to Mrs. Elmo Hurlburt and Mr. Kennedy. Miss Gladys Young took the prize for the best decorated box lunch.

The boxes were auctioned by Cy Featherly, who presided as master of ceremonies. Hostesses for the evening were Mrs. George Sullivan, Mrs. H. O. Rassmussen and Miss Young.

Originally scheduled for Veterans' hall, the group changed the meeting place Saturday night to the Sullivan home.

LEGION HEAD WARNS VETS OF VOTING

Calling attention to the fact that August 8 is the last day upon which registered voters may apply for absentee ballots for the August 13 special election, Archie Clossen, commander of the state department of the American Legion, in a statement issued in San Francisco, urges all veterans who are going to the American Legion convention in Fresno, August 12, 13 and 14, to immediately obtain ballots and cast them before departing for the conclave.

Commander Clossen requests veterans and citizens generally to vote "yes" on Proposition 3 on the ballot under which authority will be created for accepting a federal grant of 45 per cent with which to start construction of a dam in Rector canyon, Napa county. The dam will impound water for use of the Veterans' home at Yountville and three other state institutions. Under the wording of the proposition, the state will be able to issue revenue bonds for completion of the dam and pay for it through sale of water without cost to taxpayers.

Proposition No. 1 on the ballot also has a direct appeal for veterans, Mr. Clossen pointed out. It provides for a \$13,950,000 bond issue, a large portion of which will be used to construct new buildings and extensions of state hospitals and homes now woefully overcrowded. Many ex-soldiers and ex-sailors are wards in those institutions. Inmates in many state hospitals are sleeping on army cots in hallways and attics because of lack of accommodations.

Veterans who record absentee ballots are also expected to vote "yes" on proposition No. 2 which will permit the state to borrow money from banks at less than the per cent now paid on state warrants.

Citizens may make applications for absentee ballots by mail or in person before 5 p. m., August 8. If ballots are returned by mail they must be notarized, but under the state law notaries may charge no fee for the service. If absentees call at the registrar's office, they may cast ballots there. All ballots must be cast on or before election day, Tuesday, August 13.

MOCK WEDDING IS HELD AT SCHOOL

ORANGE.—For entertainment of visiting parents and relatives of girls who are living at the Billingsley-Anthony school this summer, a mock wedding was presented by several of the girls and their friends yesterday afternoon. An old organ, belonging to Mrs. J. C. Crawford since her girlhood, was used to furnish the music. Miss Miriam Powell played both wedding marches and accompanied Miss Dorothy Flintham, who sang "Because," and Fred Garland of Santa Ana, who sang "At Dawning."

Miss Anita Schwarz was the bride, and Ruth Henley the groom. Beth Hill was maid of honor and Norma Young bridesmaid. Joan Ponting, Cynthia Koehler, Phyllis Bickelstaff and Zora Allwine were flower girls, while Jeanne Grady was best man. Barbara Czock was ring-bearer.

The ceremony was performed by Thomas Powell, and Charles Armstrong, Leroy Enoch, Harold Dotson, Bob Bergen and Harold Larson served as ushers. Mrs. Genevieve Brunson of the school faculty was the bridegroom's mother, while parents of the bride were Mrs. Helen B. Anthony and Lorraine Brunson.

New Management

The Orange County Business College is now under the personal supervision of R. C. Anderson, well-known business educator who has conducted successful schools in San Jose, Sacramento, Santa Barbara, and Santa Cruz.

The school is being thoroughly reorganized on a broad and dignified educational basis—courses are being revised and strengthened—every effort is being made to provide young people of Santa Ana and vicinity with a business training that is second to none.

In point of elegance and amplexness of equipment the Orange County Business College compares favorably with any similar institution on the Pacific Coast. With our improved method of individual instruction we are prepared to offer ambitious young men and women a training that will prepare them for a successful business career.

27,600,000 ACRES TAKEN FROM PRODUCTION BY AAA PROGRAM

\$10,000 PLOT
PROBED BY
OFFICERS

LOS ANGELES, Aug. 5 (AP)—The author of three extortion notes demanding \$10,000 or the life of Dr. Ralph Waldo Wagner, wealthy sportsman and rancher, was sought by federal agents and county authorities today after an elaborate plan to trap the writer failed.

Coincidentally with the sheriff's office announcement that Dr. Wagner had been threatened, the sportsman disclosed that his adopted son, Ernest Wagner, had been the victim of a severe beating recently by unknown persons.

Used by Athletes

Dr. Wagner, who derives his title of doctor by reason of the fact he received a degree of doctor of philosophy from an Eastern university, owns the Rancho Chihuahua, a 150-acre estate near Saugus. Several out-of-work boxers and wrestlers use the ranch as a training place.

The first extortion note was received July 27 after Dr. Wagner reported he had several mysterious telephone calls to the ranch. The note demanded \$10,000 in \$5 and \$20 bills, all old currency, threatening death unless payment was made within 10 days.

The note, in part, read:

"We ain't going to beat you up. You might be lucky like Ernie and get away. We are to rub you out, you . . . Now get this, we are going to kill you unless . . ."

A second threatening letter was received the following day, and the final missive received two days later, telling Dr. Wagner to place the money under the Sand canyon bridge.

Trap Fails

More than 30 armed officers, with machine guns, rifles and sawed-off shotguns, were stationed secretly in the canyon but no one appeared to claim a "dummy" package which was left there by Dr. Wagner.

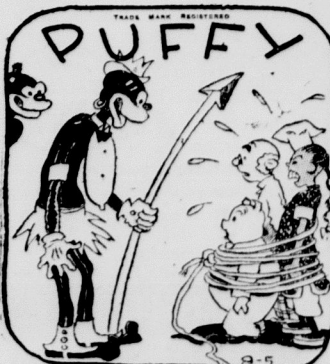

Sheriff's deputies expressed the opinion the writer was someone acquainted with the sportsman.

SCIENCE CHURCH
LESSON FOR THIS
WEEK IS 'LOVE'

The words of Jeremiah, "The Lord hath appeared of old unto me, saying, Yea, I have loved thee with an everlasting love: therefore with lovingkindness have I drawn thee," constituted the Golden Text in the Lesson-Sermon on "Love" on Sunday in all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Lesson-Sermon presented this verse from The First Epistle General of John: "Thine is no fear in love, but perfect love casteth out fear; because fear hath torment. He that feareth is not made perfect in love"; also the words of Paul to Timothy, "For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind."

Among the passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy were the statements: "Every trial of our faith in God makes us stronger. The more difficult seems the material condition to be overcome by Spirit, the stronger should be our faith and the purer our love."

These natives tie Puffy and his friends with a rope. Then off through the jungle they joyfully lope. They come to a clearing and all stop together. "I hope," says the chief, "that you're not tough as leather."

HISTORY FROM OLD BOWL
Pottery Hints Meteorite

WASHINGTON, Aug. 5 (AP)—The Smithsonian Institution has announced that a simple earthenware bowl molded centuries ago by an Indian potter may prove to be a prehistoric record of the fall of a giant meteorite in Arizona.

Found several years ago by Dr. Walter Hough, head curator of anthropology of the institution, while a member of a national museum expedition, the bowl itself is of conventional design, but its decoration is unique in Indian art.

Dr. Hough describes the marking as "a dark-brown globe occupying the center of the bowl and surrounded with a field of stars. The globe is covered with short spines alternating dark brown and

red, and is fitted with a beak resembling that of the Matahika monsters of Hopi mythology." The design is sketchy as though executed by the trembling hands of an aged potter. It may represent, says Dr. Hough, some happening in nature such as a great meteor fall. There might even be room for speculation, it was said, that the meteorite fall recorded was the one that hewed out the famous meteor crater in Arizona.

"The design obviously is intended to represent some dragon-like, flaming object speeding through the sky," Hough said. "It is difficult to imagine what the artist could have intended to represent unless it was a meteor."

EDITOR WEDS GIRL OF 14!
Star's Mate Divorces Her

ACAPULCO, Mex., Aug. 5 (AP)—Francis Bolton Mallory, Hollywood editor and former husband of Nancy Carroll, is honeymooning in Mexico with his shy, 14-year-old bride, Carlota Lobato.

Mallory has requested immigration authorities for permission to remain in the country for another six months.

As a wedding gift he will build a 20,000 pesos home near the beach for his wife.

The romance between the former editor of "Life" and the daughter of a restaurant proprietor began about two months ago, when Mallory met Miss Lobato in the restaurant where she helped her father by waiting on customers.

"There's nothing strange about

my marriage," Mallory said in an interview. "I have obtained my divorce from Miss Carroll, and I married Miss Lobato."

Divorce proceedings against Miss Carroll were started by Mallory in Ometepe, state of Guerrero. He charged the stage and screen actress with incompatibility.

Judge A. E. Belanzer granted the divorce July 6 and four days later Mallory married Miss Lobato. The ceremony was held at the home of Ramon Corona, a civil engineer.

Only a few intimate friends of the couple attended the wedding. It was Mallory's fourth marriage. Mallory obtained his Mexican divorce while Miss Carroll was in Reno, Nev., preparing an action of her own.

DEMOCRATS PLACE HOPES
FOR 1936 ON BUSINESS

By BYRON PRICE

(Chief of Bureau, The Associated Press, Washington)

Hope of a real business recovery now figures very prominently in democratic political expectations for 1936. Administration officials do little public talking about it, but privately they set great store by recent signs of economic improvement; and they argue that if the depression is definitely and obviously on the run by midsummer of next year, nothing on earth can stop Mr. Roosevelt's reelection.

COUNTY HAS
A BIRTHDAY;
IT'S 46

(Continued From Page 1)

not accomplished in a moment, according to county records. Twice before it had been attempted but failed. Had it not been for the services rendered by the late W. H. Spurgeon, sr., and James McFadden, it might never have been accomplished.

Santa Ana, the largest town in the section, took a particular interest in the proposed separation and maintained a lobby at Sacramento to assist in the passage of a bill entitled "An Act to Create the County of Orange." This lobby or "social committee," however, was not meeting with much success until the arrival, on their own, in Sacramento of Mr. Spurgeon and Mr. McFadden. The bill, separating Orange county from Los Angeles county, was finally signed by Governor Waterman March 11, 1889.

County Clerk J. M. Backs, who has served continuously since the first Monday in January, 1919, dug into his records to produce the list of former county supervisors.

The second board, serving from 1891 to 1895, consisted of Chairman Joseph Yoch, J. M. Hawkins, Shelton Littlefield, Louis Schorn, Samuel Armor and W. N. Tedford. From 1895 to 1899, the board consisted of Chairman E. P. Nickey, J. W. Hawkins, W. G. Potter, Samuel Armor, A. Guy Smith, who served from Jan. 1, 1895 to April 5, 1898, and G. W. Campbell, his successor.

1899 to 1903

From 1899 to 1903 the board consisted of Chairman Nickey, R. E. Larier, W. C. Potter, D. C. Pixley and J. F. Snover. From 1903 to 1907 the board consisted of H. E. Smith, Jerome Fulson, D. S. Linebarger, D. A. MacMullen and U. C. Holderman.

From 1907 to 1911 there were many changes in board personnel. D. A. MacMullen was chairman from January 1907 to May 11, 1910, when G. W. Angle became chairman. Mr. MacMullen was succeeded on the board by Fred W. Struck and it was in this same year that Thomas B. Talbert, now mayor of Huntington Beach, who served for many years as chairman, was named to the board succeeding G. W. Moors, who served until Aug. 4, 1909. Mr. Talbert took office Aug. 18, 1909.

From 1909 to 1913 the board consisted of Chairman Talbert, E. Smith and D. S. Linebarger were the other members of the board. Talbert was named chairman of the board in 1911 with H. E. Smith, D. S. Linebarger, Fred W. Struck, and Jasper Leck serving on the board. In 1913 William Schumacher was named to the board. Talbert retained chairmanship in 1915, serving with Mr. Smith and Mr. Schumacher. Mr. Struck and Leck until 1917 when Mr. Smith was succeeded by Col. S. H. Finley.

Nels Edwards Named

During the period from 1919 to 1922 Nelson T. Edwards, now state senator, and H. A. Wassum were added to the board, replacing Struck and Leck. This board was replaced in 1923 when Leon Whitwell was elected, leaving two years later, being succeeded by Willard Smith. George Jeffrey became a member of the board in this year.

The personnel was unchanged in 1925 and 1926 but in 1927 John C. Mitchell, now chairman, took office, replacing Mr. Talbert. When Mr. Mitchell took office Mr. Schumacher was chairman.

From 1929 to 1932 the board consisted of Chairman John C. Mitchell, C. H. Chapman, Mr. Schumacher, Mr. Smith and Mr. Jeffrey. In 1932 W. C. Jerome and LeRoy Lyon were elected. The present board is Chairman Mitchell, the same, excepting Mr. Jerome, and N. E. West, who takes Mr. Schumacher's place.

Only Seven Clerks

Records kept by County Clerk Backs reveals that in 45 years there have been but seven county clerks. Mr. Backs has served 16 years.

The first clerk was R. Q. Wickham. He was succeeded by W. A. Beckett who was followed in office by Cal Lester. W. B. Williams, now of the First National Bank, was the fourth county clerk, resigning in September, 1917. Nelson T. Edwards, present state senator, succeeded Mr. Williams but resigned the first Monday in January, 1919, to be succeeded by Mr. Backs.

Nearing the half century mark

For this reasoning they rely on the lessons of political history. Regardless of other issues, American voters have a habit of reelecting in prosperous years and changing administrations in lean years. No one doubts that it was hard times, rather than any elemental conflict of liberalism against conservatism, which had most to do with Mr. Hoover's defeat in 1932.

Some of democratic strategists are beginning to see a similar situation for 1936. Liberalism and conservatism will be much talked of during the campaign. Constitutionalism will be debated from one end of the country to the other. But, say these strategists, the really deciding factor may well be the economic condition of the country, which no amount of oratory can change.

During those summer months when industrial activity usually lags, there has been a widespread quickening instead. Without going into wearisome statistics, representative features of the case include:

A sudden rise in steel production, always regarded as a leader in the vastly important field of the "heavy industries."

An even greater jump in the sale of automobiles, with no special cause discernible.

An upturn in home construction, a realm where the financial wellbeing and general confidence of the ordinary citizen usually are reflected.

An easing of credit, and a drop in interest rates, showing that hoarded bank surpluses are thawing.

A marked increase in the issuance of new securities, always an evidence of industrial expansion.

Economists point out, further, that these and other favorable indications have developed at a time when congress is in session, dealing uncertainly with the most vital issues, and when governmental spending is at far lower level than had been expected.

On this basis, an impressive business boom is forecast in many quarters when the normal seasonal fall upturn coincides with a congressional adjournment and with the beginning of large-scale disbursement of the \$4,000,000,000 works fund.

FEW OF 107 BENCH
WARRANTS HAVE
BEEN SERVED YET

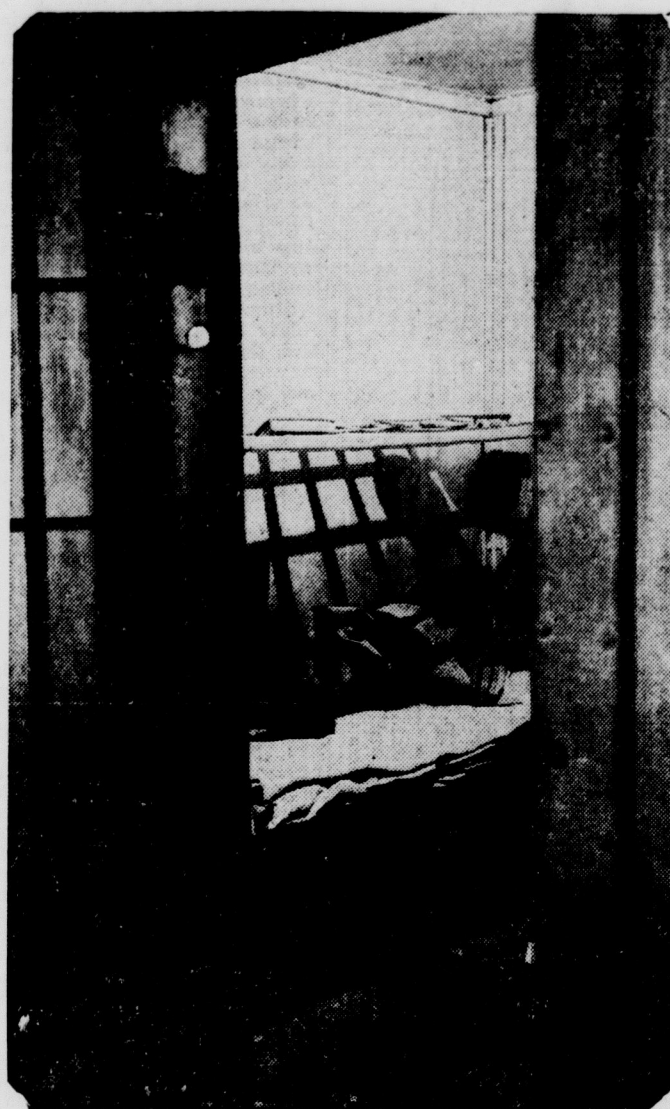

Regardless of the fact that 107 bench warrants, calling for the arrest of persons who have either failed to appear in court or have neglected to carry out payment of fines assessed against them, have been issued by City Judge J. G. Mitchell, very few of them have as yet been served, it was learned. "The fact is," said Judge Mitchell, "the defendants in these cases don't want the warrants served. I have received several telephone calls from people who apparently have guilty consciences, asking me not to issue warrants for their arrest. Some of those who phoned haven't had warrants issued against them, and all of them seem anxious to pay their fines."

Approximately 60 per cent of the warrants issued the last three days of the week were turned over to the Santa Ana police department to serve. The remainder are being handled by the sheriff's office and other police departments in the county.

Orange county has a wealth of memories of the struggles that followed upon the separation from her parent county. The place the county now occupies as one of the wealthiest and most progressive counties, both economically and socially, in the state, is due to the strict adherence to ideals of the pioneer officials who by the very force of their personalities drew the people together into a forceful and progressive unit.

Of the first group of county officers elected to serve the new county only one is alive today. He is J. P. Greeley of Balboa. Mr. Greeley was elected the first superintendent of schools. Other elective officers comprising the first official family were: Superior Judge J. W. Towner, District Attorney E. D. Edwards, County Clerk R. Q. Wickham, Recorder and Auditor George E. Foster, Sheriff and Tax Collector R. T. Harris, Treasurer W. B. Wall, Assessor Fred B. Smyth, Surveyor S. O. Wood, and Coroner and Public Administrator I. D. Mills.

OBSERVATIONS ON
TVA WORK TO BE
TOLD AT FORUM

"Is Production for Use working in the Tennessee Valley?" will be the question presented and discussed at the Summer Open Forum tomorrow night at 7:45 o'clock at the Unitarian church, when Edwin Jobe, Orange grower in the Covina district, reports his observations while on his trip through the South this summer.

Mr. Jobe is a member of the democratic state central committee and is vitally interested in the "production for use" theory and practice. He made his motor trip with the express purpose of studying first-hand the operation of the Tennessee Valley power project which the government has established around the Norris dam territory for the utilization of the power of Mussel Shoals. What he heard, saw, observed and learned will be reported at the forum session.

The forum is open to the public without charge, an offering toward the re-roofing of the building being taken in the course of the evening. Opportunity to question the speaker from the floor will be granted.

Conferences on magazine, publicity, membership, and program will be held from 11 until 12. Luncheon will be served at noon by women of the First Christian church.

BASIC CROPS
CHANGED TO
OTHERSLegume Acreage Shows
Huge Increase Due
To Policy

WASHINGTON, Aug. 5 (AP)—The AAA announced today that its crop adjustment program has taken 27,600,000 acres out of basic crop production this year. Of this total, the AAA said, 27,500,000 acres have been planted in other crops. The 1935 total compares with more than 35,000,000 acres rented in adjustment programs in 1935.

Largest Increase

Officials said the switch from basic crops (wheat, corn, cotton, tobacco) has been the leading factor in the largest increase in legume acreage ever reported in the United States. Legumes are pods such as are borne by pea and bean plants.

Joseph F. Cox, chief of the replacement crops section of the AAA, said the 1935 acreage of alfalfa hay, a plant of the bean family, is 1,750,000 acres larger than the total of 11,482,000 planted in 1934.

More Soybeans

Soybean acreage was said to total 5,463,000 this year, an increase of 29 per cent from the total of 4,223,000 acres in 1934.

Total hay acreage was said to be 66,096,000 acres, an increase of 5,384,000 acres over last year.

Acres rented or contracted by the government this year in the adjustment programs were divided as follows: Corn, 11,969,000; wheat, 4,912,000; cotton, 10,293,000; and tobacco, 430,000.

Cox said he was gratified that so much of the rented land had been planted to soil-building legumes.

FUNERAL HELD FOR
COMER, OWNER OF
COUNTY TIN MINES

Funeral services were conducted today for Levi Calvin Comer, said to be the owner of the Santa Ana tin mines, by the Forest Lawn mortuary in the Little Church of the Flowers. Burial was at Forest Lawn.

The tin mines are located in Trabuco canyon, but have not been operated for many years. About 35 years ago Gale Borden, condensed milk producer, had the mines worked in the hope of getting tin for making milk cans.

Mr. Comer was 77 years of age at the time of his death. He had lived in California since 1900. He is survived by two daughters, Mrs. Carlotta Comer Wagner and Miss Adiala Comer, both of 837 South Crenshaw, Los Angeles.

Gay Evening of Dancing Shared by Tux and Gown Club Members and Guests

Country Club Setting for Party

What's Smart in Summer Sportswear Glimpes; Parties Given

Summer prints and some are plain colors, but all the warm weather frocks of Tux and Gown girls and guests of the men in Tux'n Gown are smart to the 'nth degree, to judge from the array of costumes noted at the annual sports dance of the organization Saturday evening in the Santa Ana Country club.

Several hundred members and guests arrived at the clubhouse rather late in the evening and danced to the music of Stillman Wells' orchestra. A number of cocktail parties preceded the dance.

Among the dancers noted were Virginia Swiggles in chartreuse with brown accessories. Jean (Mrs. Howard) Hales in navy blue, talking with Evelyn Spangler, who looked pretty in a sports frock and white straw hat, and danced a lot with her fiancé, Dr. Stan Norton.

Also Elma (Mrs. George) Bradley in navy blue. Betty Rowland in henna crepe and a little velvet hat.

A gay persimmon silk frock was worn by Betty (Mrs. Leland) Finley. Eleanor Rairdon, dancing with Ted Stephenson, wore all white. Virginia (Mrs. Roger) Hearn looked as pretty as ever in sunshine yellow.

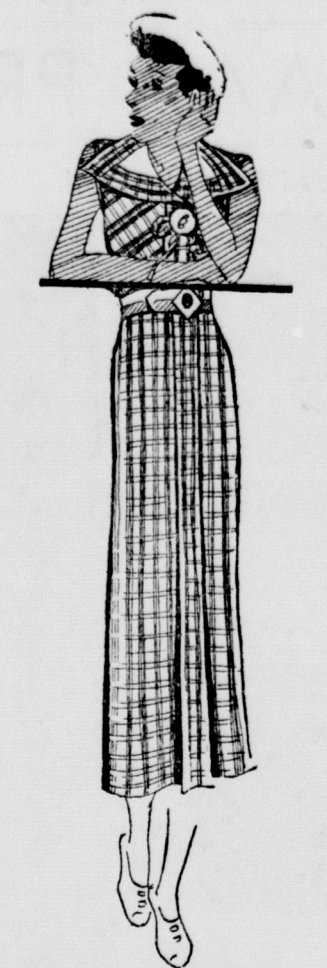

Doris Rohrbacher's outfit was topped off by a perky white hat with a feather curling over one eye. Betty (Mrs. Frank) Hilligass in pink crepe. Fran (Mrs. Quincy) Hardy wore a navy blue and white wool suit.

Others on the floor: Harriet Gruettner was very pretty in powder blue wool with white taffeta and lots of big wooden buttons. Loretta Spangler wore black silk and a little black velvet squish hat.

Bernice Summers' blondeness was set off by navy blue wool. Alice (Mrs. Wayne) Harrison's grand tan was accented by all-white. Betty Wiswall was in turquoise silk with brown short jacket. Marjorie (Mrs. Gene) Knox wore brown and white. Martha Wallingford, turquoise print and matching hat.

Katie (Mrs. Ed) Adams was in dusty rose with white. Ruth Owens in a flowered print. Tux'n Gown's first fall formal will be announced later.

SPORTY CORD TRIM

Printed pique is accented with solid cord insets in collar and belt, the dress having novel wing collar and cord bow trim on bodice.

LOS ANGELES GOES OLD-FASHIONED FOR PLAZA FIESTA

Los Angeles society is going old-fashioned this week in keeping with the Los Angeles Landmarks and Restoration fiesta in the Old Plaza Mission patio, North Main street at Sunset boulevard, one feature of which will be the Bel Canto club's program Friday evening at 9:30 o'clock.

Director Earl M. Waycott will put the finishing touches on the chorus' program at rehearsal tomorrow evening. Songs from "Pinafore" will form the mainstay of the Santa Ana's contribution of the fiesta.

Profits realized from the nominal admission charge made for fiesta programs each night at the club will go to restore the old mission, oldest historical landmark in Los Angeles.

Buffet Supper Given For Voyagers

Miss Ruth Rowland entertained last evening in her home at Tustin with a Sunday night supper feting her sister-in-law, Mrs. F. C. Rowland, and daughter, Queen Barbara of the Salinas rodeo, with a bon voyage on occasion of their leaving Wednesday for Honolulu.

Miss Rowland, who looked very pretty in a silk print afternoon frock, was assisted by Mrs. Russell Wilson, in printed chiffon, who poured coffee. Mrs. Rowland wore deep blue lace, and Barbara was in blue plaid silk seersucker. Zinnias appointed the home.

Other guests were Mr. and Mrs. Hilary Harkness of Kail, Hawaii; Mrs. Caldwell, Hot Springs, Ark.; Mr. and Mrs. Courtney Chandler and Jack Wilson, Hollywood, and Dr. E. H. Rowland and Mrs. Rowland and daughters, Jean and Betty, F. C. Rowland, Russell Wilson and little daughter, Bobbie Joan of Santa Ana.

When Mr. and Mrs. Roger Hearn found moving to Riverside and entertaining friends all on the same evening a bit difficult, Mr. and Mrs. Robert Guild of 930 South Broadway played impromptu host and hostess and had the cocktail party at their home Saturday preceding the Tux and Gown dance at the country club.

Miss Marcia Huber in pink trimmed with brown was there with Ray Turner. Looking demure in a tiny bonnet hat with flowers, Miss Florence Brownbridge sat with Crawford Nalle. Mr. and Mrs. John Beard of Fullerton attended, she in a printed frock. Mr. and Mrs. Manley Natland of Long Beach, Dorothy in bright cornflower blue and yellow, Mr. and Mrs. Edward Adams, who wore rose and white print, Dr. Clarence Ranney and Mrs. Ranney in a violet print, Miss Loretta Spangler, whose print frock was topped with the newest of fall hats, with Hall Paddock, and Miss Helen Spangler in green boucle, with Jack Reid, were also there.

Mr. and Mrs. Alvin Stauffer, she in a yellow knit suit; Mr. and Mrs. Deroy Dickson, with Mrs. Dickson in a pink print, completed the guest list.

Mrs. Guild wore a henna frock with white accessories, and Mrs. Hearn, who arrived late, had chosen a gay yellow model for the occasion.

Lagunalog Chatter of Doings at Laguna Beach

By MAXINE STOREY

With one play hardly past, community players ambitiously went into rehearsal this week for the next major production, "Bill of Divorcement," scheduled for September. George Dunham will direct with Elisabeth Fier as co-director and producer. The play, an old and 'specially good one, should be as fine as the last two produced under George Dunham's able tutelage. With a cast including Sally Barnett, Lewellyn Lisak, Dorothy Pierce, Jonathan Lucas, Victor Rankin and Haring Griggs one expects a top-notch!

Speaking of the playhouse... Ted Lucas and Barbara Frost are presenting an entirely new idea Wednesday eve, when they experiment with three one-act plays Ted has written, himself. The plays will be produced, directed and acted by three members of the Playhouse group. Barbara, Ted, and Victor Rankin are doing new make-up, lighting, staging and producing, and promise something grand. The plays are "Crack Up," "In the End," and "Death of a Hero," each of the three ambitious ones are leading characters in the plays... and each will be young in one and old in another. They call it Grand Guignol night and have even built a new proscenium arch for the theater. You'll like the idea and experiment, I'm sure.

Snatches from week-end gallivants—Ginny Ensell (who returns to Oakland and Cal soon), Bob Chapman of Santa Ana and Bob and Louise Turner (newlyweds, you know) breezed down the Twin Inns at Carlsbad Saturday eve to do their back to dance at the local hall on the waterfront... a group of local gadabouts still laconic from our grand party on the beach a couple of weeks ago, meandered up to Lote Violette's (Freddie's mother) Saturday eve laden down with bags of prawns and enjoyed a grand informal dinner; wishers-to-Hawaiian included Barbara Read, Vic Rankin, Dot and Ted Pierce, Eva and Ted Lucas and Fred and mother. Later the crowd attended the Myra Kinch dances at the playhouse about which they've been raving ever since.

Mr. and Mrs. Dick Fitch, contrary to his characteristic as an aquatic Turnbull, and Bill Fassett week-ended at Laguna, then whizzed off to spend a couple of weeks in New Mexican deserts in search of gold and Indian relics.

Jack Holdridge, long absent from Laguna, and Dick Fitch week-ended and joined the Innans and Stan Hahn beaching... Card from Lewie Hall of Santa Ana reveals he's having a grand time in Palm Springs; pretty odd sort of place to be in the summer, say I, but Lewie returns and it's really better than the seashore. Ida Griffith is shopping these days for her trip to K. U. soon.

Saturday eve brought groups of celebs and their friends to dine, dance and chat in Laguna. Fr instance... in the Tavern, where most everyone sits him down soaker or later, were the Charles Kenyons and a group in the far corner... Lon Chaney Jr., who, you know, is aspiring to reach the heights his much-liked father touched... the Bert Wests of Santa Ana... Upton Sinclair, enthusiastically conversing with a group of friends... State Senator C. Olson and party... Polly Moran, funnier than ever... and writer, Charles Belden from Warner Brothers with his very lovely wife.

Glimpses of Laguna all-year stayers: Mrs. Mabel Winter again coping high honors at the Thursday night bridge tournament playhouse-way... June Storey and Jim Hardwick dining quietly at the Mad Hatter Sunday eve... Mrs. Howard Sheridan all smiles to welcome daughter, Marybelle "Bill" Sheridan home from a six week's sail at Arrowhead... William A. Griffith driving merrily through town in his truck with students packed in the back... "Cindy" Griffith, who'll teach at Santa Ana High this year, and Mary Graber completely absorbed in the Myra Kinch program Friday eve... Verna Herbst and Bruce Handy driving through town Balboa way... Jimmy Mulen trying desperately to swim at Diver's Saturday with a badly bandaged hand high in the air... Betty Perrin and Bill McGee of Capistrano strolling the boardwalk Saturday eve... and Mayor Frank Champion jolly, though hobbling still with a cane.

Mrs. W. A. Fox of Pomona entertained members of the craft section of Ebell club at the water-front cafe last week. Guests were Mrs. Maude Stewart, Mrs. Florence Chanev, Mrs. Lillian Gantz, Mrs. A. G. Hottinger, Mrs. M. L. Robinson, Mrs. Ann Haugh, Mrs. Charles D. Baker, and the Misses Geraldine McKay and Ethel D. Thomas.

A fashion review of new fall clothes attracted many of our local socialites to the Wednesday Las Ondas fashion luncheon last week. Nina Dusenberry, Mrs. Tom Pillsbury, formerly a professional model in Chicago and Mrs. Clarke Ingraham modelled the new fall clothes, very lovely but not much different from last year's styles, it seems. Among groups chatting and discussing the show were Mrs. Frank D. Hevener, Mrs. Arthur Caesar, Mr. and Mrs. Maurice MacMillan, Mrs. William Swift Daniell, and Madame Van der Flier and a party of friends...

Ebell Patio Is Setting for Wedding

By MARY STODDARD

In the cool and attractive patio of Santa Ana Valley Ebell clubhouse yesterday afternoon at 2 o'clock, Miss Ruth Bradley, daughter of Mr. and Mrs. A. B. Gardner of 1602 North Broadway, exchanged wedding vows with Norbert Francis Megowan, son of Mr. and Mrs. Frank Megowan, Los Angeles. The Rev. Father Lambrecht officiated, in the presence of 100 friends and relatives.

The bride wore a pink satin suit and a pink "squash" hat with white eye-veil, and carried pink roses and lilies of the valley. Her former C. L. A. roommate, Miss Frances Hancock of Inglewood, wearing aqua-blue satin and a taffeta hat, and carrying yellow roses, was maid of honor.

Mrs. Johnson Sings Robert P. Carson of Los Angeles was best man. Haynes B. Kenan and Ernest Megowan of Los Angeles ushered.

Before the ceremony, Mrs. Lula Johnson, assisted at the piano by Miss Carrie Seaton, sang "I Love You Truly" and "At Dawning." The patio was brightened by a few flowers and greenery.

After the wedding a reception was given at the Gardner home for relatives and a very few friends.

To Lake Tahoe The bride wore a three-piece cape suit of gray and blue wool tweed and a gray felt hat when she left with her husband on a two-weeks wedding trip to Lake Tahoe. They will return to live in Los Angeles.

Mrs. Megowan is a graduate of Santa Ana High school and Junior college and attended U. C. L. A. and Cummock School of Expression.

Mrs. Megowan was educated in the Los Angeles schools and U. C. L. A. and is now engaged in business with his father in Los Angeles.

DESSERT BRIDGE PARTY GIVEN BY MEDORA SMITH

Miss Medora Smith hostesses Friday afternoon at a dessert bridge party given in the home of her parents, Mr. and Mrs. Elsie Smith, 2409 Heliotrope drive, for a group of school friends.

Mexican reds and yellows gaily appointed the home for the party. Mrs. Smith and Misses Marian Hawk and Kathryn Sexton assisted Miss Smith in serving.

Misses Martha Tutthill, Marjorie Lindsay and Yvonne Blank won prizes.

Others guests were Misses Harriet Abrams, Patricia McClure, Mary Baxter, Elaine Hatch, Louise Sexton, Roberta Tutthill, Barbara Crawford, Janet Diehl, Mary Jane Mitchell, Floyd Blower (Margaret Finley), Caro Cogan, Jane Flinn, Jane Crawford and Eleanor Bowyer.

The appearance at the cafe Sunday eve of Francis Lederer, actor, and Mary Anita Loos, niece of the well-known writer, caused a flurry of interest.

Mr. and Mrs. Charles Colburn (Mr. Colburn is, you know, vice principal of Laguna High), entertained the other eve with a lovely dinner party and evening of this-and-that... mostly pertaining to football for the coming season, of course. Guests were Mr. and Mrs. Ray Adkinson of Santa Ana, and the Linton Simmons of Laguna.

Mary Stoddard Invalid Woman Abused by Once-Loving Husband Must Separate From Mate for Happiness

By MARY STODDARD

Fate deals a puzzling hand occasionally and when she does, mankind had better get out from under and call for a new deal. Today comes a letter from a woman, whose lot deserves real sympathy. The world would rather not believe a man would be cruel to a sick, helpless woman, but sometimes life calls us to face facts. She has a chance for happiness with her children who will find someone to help her, I know. The game with her husband had best be ended.

Dear Miss Stoddard: Because I read your page every day, I am sending in my problem, in the hope that your readers will offer their opinions.

I am a helpless invalid, bed-ridden for 10 years, and can never regain my health. I've certainly had a cross to carry. I could have stayed in hospitals, but I wanted to be home with my children, to keep them together, to love and pet them, and to give them a mother's care. I have three of the best children any mother would be proud to call hers.

At first my husband was kind and good to me, but he has been very cruel for the last four years. He doesn't think I need medical care, and tells me he wishes I'd hurry up and die, as he says I'm a burden to him and to the children. He is abusive, and calls me vile names. He quarrels with me every minute he can; I'm so worn out and tired of it. I am afraid he may kill me, he goes into such violent rages.

No one wants to be blind or a cripple, but this comes to us in life. What can we do? I've lately decided to leave him and give him his freedom. My children want me to. Some people tell me not to; others tell me it is the only thing for me to do, VERY WORRIED.

The Thinkers Wherein women of the community express their views on topics of particular interest to women.

Do you think early marriages are wise or inadvisable? Mrs. P. A. Robinson: "It depends on what sort of person an individual is marrying. Often, people who marry later in life are too set in their ways. If young people will make up their mind to do without some of the luxuries they might be able to afford later, they can often build a very happy marriage together. Whether old or young, they must be wise to be happy and have a successful marriage."

Mrs. P. E. Fluor: "I believe in early marriages. I was married rather early, myself. When couples marry young and have a family, they seem better able to throw off the troubles of life than if they had to face them later. They gain in responsibility, and if they are not stubborn but are willing to give and take, they are usually quite as happy as those who they had waited to be married when they were older."

Mrs. J. P. Goad: "If by early marriages you mean marriages after 20, I'm in favor of them. People who are married while they're in their 20's are able to adjust themselves to each other more easily than those who wait and marry in their 30's, I think."

Mrs. J. J. Miller: "I think people should wait until whenever they're sure that they really love and are suited to each other."

A. D.: No, a bride never changes "family" wedding presents unless told by the donors that she may do so. But to keep dozens of duplicate items on hand because they were the gifts of acquaintances would be foolish and needless.

'If In Doubt'

A dress may cost a mere trifle and precious little labor and still be the smartest thing in your wardrobe! That is, if it's a shirt-maker and has practical pleated sleeves and inverted skirt pleat to allow for comfortable action. If it has a fresh young collar like pattern 9491 that sets off an outdoor tan perfectly! If it has big contrasting buttons and flattering bodice softness to prove it knows a thing or two about fashion's latest fancies! Make it of striped shirting, shantung or a novelty cotton. Complete, diagrammed Marian Martin sew chart included.

Pattern 9491 may be ordered only in sizes 14, 16, 18, 20, 32, 34, 36, 38, 40 and 42. Size 16 requires 3 1/2 yards 36 inch fabric. Send 15c in coins or stamps (coins preferred) for each Marian Martin pattern. Be sure to write plainly your name, address, the style number and size of each pattern.

The Marian Martin summer pattern book will lead your way to warm weather chic! From its 40 pages view the parade of clothes for every occasion for every member of the family. Designs all beautifully illustrated, patterns all easy to make. Styles for the small girl, the dashing deb, the blushing bride and the mature matron plus some useful hints and some delightful reading. Send for your copy now! Price of book 15c. Book and pattern together, 25c.

Bower-Finley Rites Are Observed

By MARY STODDARD

In an impressive setting of flowers and greenery Saturday evening at 8 o'clock in Santa Ana United Presbyterian church, Miss Margaret Jeanette Finley, daughter of Mr. and Mrs. A. G. Finley of Newport road, Tustin, was married to Floyd Bower, son of Mrs. Mary Bower of 1720 Valencia street. The Rev. Dr. A. E. Kelly officiated. More than 400 guests were present, 200 of whom attended the reception in the Finley home following the ceremony.

Before the wedding, Miss Marjorie Rawlings, accompanied by Miss Alta Fisher, sang wedding solos.

Wears White Satin The bride wore a stately white satin gown whose design was inspired by that worn in a recent royal European marriage. Her veil was long and flowing. She carried a bouquet of gardenias.

Miss Marjorie Lindsay, maid of honor, wore a blue gown, and the bridesmaids, Misses Gertrude McGee, Eloise Ward and Roddy Cook, wore in pastels.

Romayne Finley, young niece of the bride, was flower girl. The bridesmaids carried garlands of pastel roses and sweet peas. The little flower girl held a diminutive French bouquet centered with rose petals. The church was arranged with a white flower-banked altar and tall "flower trees," or columns massed solidly with pastel blossoms, in a very lovely effect.

Faye Bower of Balboa was best man. Ushers were Addison Bowers, James Stone, Robert Spurgeon and Rhodes Finley.

Reception Follows After the wedding, the reception was given. The bride wore a heaven blue ensemble with fox fur cuffs when she left with her husband for a wedding trip, after which they will make their home at Berkeley, where they will continue their education in the University of California, she as a junior and he as a senior student.

The bride, in whose honor a number of pretty parties have been given, is a graduate of Santa Ana High school and is an Alpha Chi Omega at U. C.

Mr. Bower was president of the Santa Ana High school student body in his senior year, as well as being valedictorian for his class, and he is active in athletics, especially football.

Mrs. James Elliott, Mrs. Lois Kray, Miss Ruth Lierman, Mrs. Senelle Dennis, Miss Elsie Friedman, Miss Marie Wiebe, Mrs. Ellis Hillyard, Miss Eleanor Schroeder, Miss Inez Kogler, Mrs. La Vene Duker, Miss Ida Kogler, Mrs. Ella Lierman and Miss Caroline Kogler, Orange, and Miss Leota Randall, Los Angeles.

SMART BRIDGE TEA COMPLIMENTS MRS. Q. L. HARDY

A smartly-appointed bridge tea was given by Misses Harriet Gruettner, Ruth Owens, Betty Wiswall and Bernice Summers at the latter's home on North Park boulevard Saturday afternoon in compliment to the recent and much-feted bride, Mrs. Quincy L. Hardy (Frances Bowman).

Artistic glassware and linen prizes went to Misses Martha Wallingford, Helen Spangler and Carolyn Ferrey and to Mrs. Hardy. A shower of teardrop crystalware was given the honoree.

White linens covered the card tables and white pottery ewars holding white and red dwarf asters centered them after the play, when the four hostesses served raspberry parfaits, red rosebud iced white cakes, mints, nuts and coffee.

Other invited guests were Mesdames I. J. Owens, Anna L. Bowman, Eugene J. Gruettner, Scott, Gilbert Meisinger, Joe Irwin, William Jerome, Gilbert Meisinger, Edna Jerome, Edward Adams.

Mesdames Robert Guild, George Bradley, Frank Hilligass, Cecil Suddaby, Roger Hearn, Bruce Harding, William Grafton and Manley Natland and Misses Marcia Huber, Florence Brownbridge, Loretta and Helen Spangler, Eleanor Rairdon, Georgina Irvin, Kathryn Harbert, Marjorie Burns, Betty Smith, Betty and Jean Rowland, Wilma Silvers, Mary Jane and Joanne Baker, Jean Ferrey, Nell Grafton, Doris Rohrbacher, Jet Tucker and Barbara and Louise Zurup.

GROUP ATTENDS TUX AND GOWN AFTER PARTY

After having a cocktail party at the R. A. Emission home on North Park boulevard, with Miss Bernice Summers as hostess, a group of Tux and Gown-ers attended the club's dance Saturday night at the country club.

Guests included Mr. and Mrs. Quincy L. Hardy (Frances Bowman), Mr. and Mrs. Edward Adams (Clara Kate Owens), Remington "Remy" Mills, George Preble, Joe Winder, Ernest Stump, Miss Martha Wallingford, Miss Harriet Gruettner, Miss Betty Wiswall and Miss Ruth Owens.

THAT BUMBLE BEE
YORK, Pa.—A bumble bee stung Miss Joan Kegler. Miss Kegler's auto crashed into an electric power pole. The power pole toppled and pulled down high tension wires. Hugh McInnes hurried to investigate, fell from the running board of an automobile, and was hurt. The bumble bee got away.

BAD MEMORY
UNIONTOWN, Pa.—Five years is a long gap in Sam Harshman's memory, and so when he was hailed into the district attorney's office to explain wife desertion, he said he didn't see his wife present, whereas she sat there all the while.

"Things have come to a pretty pass when a man doesn't know his own wife," the wife complained.

"Aw, now, honey," he pleaded, "you know you've changed a lot since I saw you last."

"That didn't make any hit, either, Sam went to jail for non-support."

IT ALWAYS HAPPENS
LEXINGTON, Ore.—Farmer Orville Cutsforth agrees with the bard that the best laid plans of mice and men oft go haywire.

Mice were laying waste Cutsforth's wheat field so he hired an extra threshing outfit to beat the rodents.

While the crew rushed the harvest, thieves entered the field and stole 35 sacks of wheat.

"Deep Dark River," Robert Ry-lee's highly successful novel, was accepted by the first publisher who read it. It was also the first novel he had tried to sell.

READY MADE WIFE

BY CORALIE STANTON

SYNOPSIS: Laurie Moore, supposedly the widow of Rex Moore, the airman, who was believed killed while trying to fly the Pacific, works for Mark Albery. Albery is interested in her. Now Rex Moore returns, calls on Laurie, and declares he is astounded to find he has a widow when he never had a wife. Laurie collapses.

Chapter Seven
EXPLANATION
"You are Rex Moore?" Laurie whispered. "You are alive?"

She collapsed, and buried her face in her arms on the table. The shame that this particular man of all men should be Rex Moore was too much for her.

He stood in silence, gazing at her bent russet head. In the nape of her neck was a little hollow and round it grew downy ringlets of red gold. His eyes lingered on them.

Laurie raised her head. She was not a coward, whatever she was. She would show him that.

"I thought you were dead," she said. "I never thought you would come back."

"That's obvious." His retort was accompanied by another of those mocking smiles. "Just as you never thought the railway carriage door was open the other day! You don't seem to be a sound thinker. By the way, what is your name?"

"I'm broke myself now,"

you didn't think of telling the truth?"

"I may have thought of it. But I should have lost my job, and everybody would know I was a cheat and a fraud."

"Two years you're kept it up?"

"Did you ever think of me? A dead man, while you were living this lie?"

"I thought of Rex Moore—not of you. I thought of Rex Moore as I imagined him to be. And I thought—I felt, if he knew, he would forgive me. He would not mind."

"But you think I would have minded?"

"Yes. You're a cruel man." Her eyes blazed with defiant misery and intolerable shame.

There was a long pause. Then Rex Moore said:

"I mind this much, as I happen to be alive. You're made a fool of me in Albery's eyes. I didn't tell him just now that I hadn't a wife at all. I wanted to come along and have a look at the girl who had played this trick on a dead man. So he is under the impression that we are indulging in a happy reunion."

His grim chuckle made her wince. "I'm broke myself now,"

he went on. "I have to look to Albery for the future. I owe him everything in the past. I'm not going to let him know how he'd been fooled by you, and that I stood for it just now. Do you get me?"

"No," gasped Laurie. "What do you mean?"

"That you've just got to keep up the farce and go on pretending to be my wife."

"Oh, no!"

Laurie stared at Rex Moore. The misery and shame in her eyes were replaced by a glitter of indignation.

"You're just wanting to insult me, to be odious to me. You wouldn't want me to do that!"

"It's the last thing in the world I want to do," the man said. (Copyright, 1935, Coralie Stanton)

LET NATURE DO IT

The current Rescacre seems to have caused no fears among executives of giant Standard Oil of New York. The corporation has just cancelled a deal with Moscow for the purchase of 250,000 additional barrels of Soviet oil and kerosene at an estimated cost of about \$500,000. Payment for the oil will be made in dollars, but the oil will not be sold in the U. S. A. Phenomenon of currency fluctuations has caused a remarkable burst of vocalty on the part of Rhode Island's shy little Senator Jasse Metcalf. Known for years as a senate "mute" Metcalf recently blossomed forth as a red-hot haranguer. His latest outburst was a radio speech in which he hunched the Communism on the administration because the President favored amending

known once for all that other nations will not help. To remain neutral does not mean only to not send money, but also to not send munitions and food. No nation can send all its able bodied men to war unless some other nation keeps it supplied with food. Stop all trade relations ALL trade relations and probably the army would never start. Of course there would be some loss of money in cutting off trade, we are losing money in cutting off trade. Better lose money a few months than have the conditions we have have since the last war. One Man's Opinion

By Duncan Ellsworth Clark

EDITOR'S NOTE--Here is an informative, analytical daily feature on current topics. The opinions expressed in this column are not necessarily the same as those held by The Journal.

Gains and Losses in Human Progress

Recent years have seen some hopes of centuries come true. Also, there have been serious doubts about the possibility of permanently the poorer. Parliamentary governments, based on the dream of political equality, have been widely discredited in these latter years. Liberties, for which ardent patriots sacrificed their all, have been assiduously guarded by the kings and nobles, which they should, kings and nobles, have been done to death. In all this shattering of ideals America has not been guiltless. Perhaps our deeds of omission have been more conspicuous than our commission. But the insensate Americanism of Japan and Italy have trampled hopes into the dust. These two force-maddened nations, at least, can not escape the condemnation of history and the consideration of opinion.
